## CASTLE GARDENS, BUILDING 12

---

The following list represents the registered parking locations for all units. The term registered means the legal and permanent assignment of parking spaces with the Broward County Agency as of 1973 when the building was under construction. We have had to reassign 4 spaces, two from the front of the building because of fire hydrants and two more on the West side for reasons of safety. Over time some owners have parked in spaces not their own. In the event there are disputes, the below listing will take precedent. Any questions concerning parking, please leave a written message in the office mail slot.

By laws, Article 28, Exhibit 'A'.

All owners must park their cars only in the assigned spaces. If it is desired to change spaces with another owner, this shall be permissible provided that both owners agree and the Board of Directors is notified and approves.

The Board of Directors
